

WEBSITE UPDATE — FOR YOUR CONFIRMATION

Repositioning the site around **sales talent & performance.**

A summary of the changes we'll make to the Worktales website based on your new Company Profile — and the points we'd like you to confirm before we begin.

The site narrows to a sales focus.

Your new profile shifts Worktales from a broad talent, training, and culture firm to a **sales-exclusive** firm. We keep the existing website layout and design — this is a content and messaging update, not a rebuild. The three service pillars are renamed, two of today's pages merge, and a new pillar takes the freed slot.

01 Attract Hire sales talent that can deliver results. From today's "Talent Solutions" page	02 Develop Build the skills required to win and grow business. "Training & Development" + "Culture & Leadership" merged	03 Accelerate Turn potential into consistent performance. New page — 100-Day Sales Acceleration Program

ALONGSIDE THE PILLARS

- + New tagline & messaging**

"Empowering People. Unlocking Sales Performance." All headline and supporting copy reframed around sales talent and sales performance.
- + Updated navigation**

The "For Organizations" menu surfaces the pillar names — Attract / Develop / Accelerate — each with a short description.
- + "For Salespeople" menu**

Today's "For Individuals" menu is renamed and its content (talent pool, webinars) reframed toward sales professionals.
- + Refreshed outcomes & contact**

Homepage outcome figures and contact details updated to match the profile.

FOR YOUR CONFIRMATION

Please review and confirm.

A few points either change your public message or remove existing content, so we'd like your sign-off before we start. Items marked **MUST CONFIRM** are the most important.

POSITIONING & NAMING

1 Sales-exclusive shift

All non-sales / general-talent language is removed, not just de-emphasized.

2 New tagline

"Empowering People. Unlocking Sales Performance." / "Built in Beirut. Designed for Global Execution."

3 Pillar names public-facing

Attract / Develop / Accelerate become the customer-facing labels.

4 "Accelerate" as the final name **MUST CONFIRM**

For the new 100-Day program pillar — or do you have a preferred name?

CONTENT BEING MERGED OR REMOVED

5 Culture & Leadership loses its own page **MUST CONFIRM**

Its content folds into Develop; there is no standalone Culture/Leadership page.

6 Develop reorganizes to three Impact lanes **MUST CONFIRM**

Today's five focus areas (incl. AI/Future Skills, Organizational Execution, general Communication, Human Skills) are replaced by Personal / Client / Team Impact. The broad non-sales topics fall away.

7 Insights Discovery moves under Develop

Confirm Develop is the right home for the Insights Discovery partnership.

CLAIMS & FACTS TO VERIFY

8

Outcome figures **MUST CONFIRM**

90% client satisfaction · 65% reduction in hiring cost · 92% retention at 12 months · talent ready in under 2 weeks. Confirm these are accurate and approved to publish publicly.

CHOICES & OPTIONAL ADDITIONS

10

"For Salespeople" wording

Preferred label: **For Salespeople** / For Sales Professionals / For Sales Talent. (We suggest "Sales Professionals" to match the profile's voice.)

11

About / leadership page

The profile includes a strong Managing Partner bio (Alhasan Khalife, ICF-Accredited Coach). Build an About page from it now, or leave for later?

12

Profile photography

Use the profile's photos (impact images, leadership headshot) on the site, or keep the current text/graphic style?

Next step: Once you confirm the points above — especially the "Must confirm" items — we'll proceed with the update. Anything you'd like changed, just note it beside the item.
